To whom it may concern

Hereby, the Organizing Committee of **WINTER UNIVERSIADE Granada 2015 in Sierra Nevada** would like to thank LISKI Company for its decisive contribution to the success of this great event, and highly recommend LISKI as the ideal partner for the Committees organizing the next editions of Winter Universiade.

LISKI has provided materials for the safety of ski slopes and for races organization. In particular, we report the timeliness and accuracy in materials delivery, including the entire supply of the gates and race bibs for all disciplines.

The Committee confirms that the choice of materials and services provided by LISKI, proved to be very important for the quality and ease of use for the experts on slopes.
