To whom it may concern,

Liski was a strong partner from the early days of the development of the Vancouver Organizing Committee for the 2010 Olympic and Paralympic Games. An event of the magnitude of an Olympic Games is an extremely complicated with numerous stakeholders and suppliers. Liski was at the top of the list in terms of their quality products and high level of service. Their years of experience in the ski business, as well as numerous past Olympic Games, were a huge benefit in the delivery of the 2010 Games.

All the way through our organizational lifecycle, Liski was there to help provide their product and deliver a first class service. This started well before the Games in terms of their support during our Training & official Test Events, where they delivered top quality materials for all of our outdoor sports, on time and at a competitive price. For the Games, their product stood up to the challenge of the world-class competitors (and our weather) and more importantly Liski was on-site to provide the service that made our Games great.

We fully endorse Liski, who has a great product and great service. In the end, Liski was a great partner and I highly recommend them wherever their products are required.

Sincerely,

Tim Gayda
Vice President, Sport
